COVID #12: 1949 Telephone Directory

Summer has hit its stride, and something close to normal life has most of us warily savoring each experience! Please, no more Covid surges.

The big news?! After consulting with Library Director Barbara Flach, it was decided we can start a tentative GLHG schedule in August!

Tentative 2021 Schedule

- August: 1980s Greenville: Audrey Matott
- September: Baumann's Brookside Centennial, at BB
- October: 2022 Calendar
- November: open for now, possibly canceled

Last year this time, the first Covid GLHG Newsletter took shape. Now, it is with relief, tinged with a modicum of regret, that I am announcing that this is the last regular Covid newsletter. Because..., because regular programming will tentatively start in August!

Many thanks go to all the people who contributed to these past twelve issues and helped make pretty darn good lemonade from the lemons that life gave us.

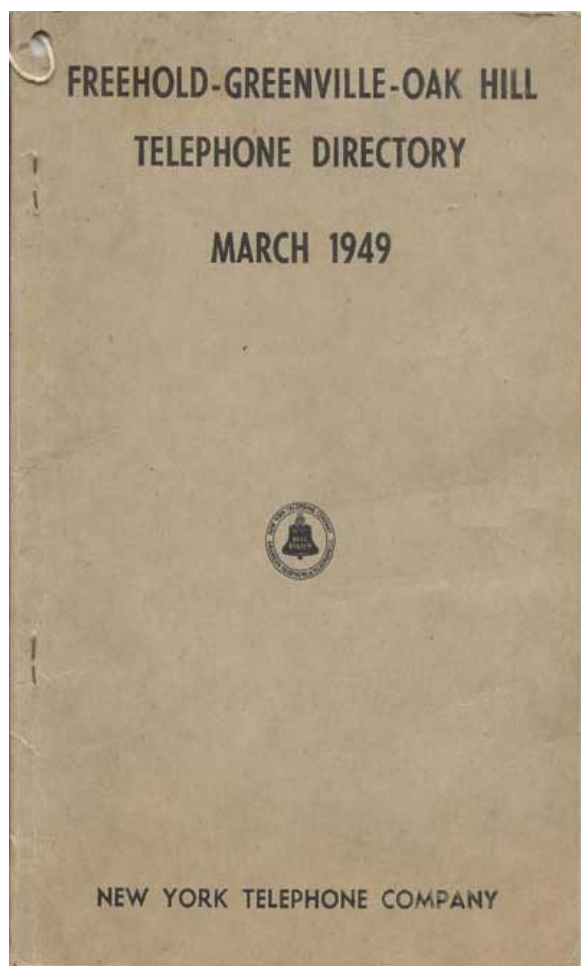

The very one artifact that inspired the content of this past year's newsletters is this month's feature. This directory was meant to initiate the new Covid format but, instead, I was gladly distracted by the reservoir of wonderful contributors and by the newsletter format of three shorter articles. So, I waited, thinking I would utilize this resource, and waited, and waited until now.

The Telephone Directory

A perusal of the Freehold-Greenville-Oak Hill Telephone Directory of March, 1949 (pictured next page) shouted to me that this was a document to share with the local history public. Thus, I have scanned the Freehold and Greenville pages for your consumption. I do not know what percentage of the overall population this list represents but it seems to me it should be fairly high. (For some reason, Cairo is not mentioned on the cover page but has its own section.)

The directory is 6' x 9.5 inches, 15 pages of phone numbers, 24 pages of "yellow pages" (actually, tan, the same as the cover). And in it is a snapshot of who populated the town 72 years ago, as well as listing the services and business that the area used.

Shown first is Freehold (p. 5-7) and then Greenville (p. 7-11). Note the directions given at the beginning of each hamlet.

I think I was captivated by so many names so familiar to me. And I suspect that will be true for many of you “natives.”

I have also copied a couple sections, of the boarding house listing as well as the hotel section, from the “yellow pages.”

One last scan is of a fuchsia cardstock, paper-clipped to the inside back cover. Giving the rules of courteous use and of directions of making a call on a party line, the card lists an owner of 5-4168. That number matches with A. D. Gibson, Norton Hill Rd, to be joined with the other people on the party line listed (the list of names photo). Many of us have experienced or have been told stories of the downsides of party lines, something unimaginable today. Think of it! Eight people using the same line and having to wait until everyone was off!)

HOW TO USE THE DIAL TELEPHONE

FREEHOLD CALLS

1. Obtain the number from the directory. For example, 7567.
 2. Remove the receiver and listen for the dial tone—a steady humming sound.
 3. Then place your finger in the hole over the figure “7” and turn the dial around until your finger strikes the stop.
 4. Raise your finger and, without touching the dial, allow it to return to its original position.
 5. Then dial the figures “5”, “6” and “7” in the same manner.
- Listen for the **RINGING SIGNAL**, an intermittent bur-r-ring sound indicating the called telephone is being rung.
- If the called telephone is busy, you will hear instead the **BUSY SIGNAL**, a rapid buz-z-buzz-buzz quicker and louder than the ringing signal.
- If the party you are calling does not answer after several attempts, dial “Operator” and ask whether the number has been changed or disconnected.
- For **ASSISTANCE** on local calls, dial “Operator”.

OUT-OF-TOWN CALLS

For Greenville calls—dial the listed Greenville number. For all other **OUT-OF-TOWN** calls, dial “Operator” (numeral “0”) and give the details of the call to the operator who answers.

EMERGENCY AND SERVICE CALLS

On all **EMERGENCY** (fire, police or state trooper) calls, dial “Operator” and be sure to give the exact location of the emergency.

On all **INFORMATION AND REPAIR SERVICE CALLS**, dial “Operator”.

TO PARTY-LINE USERS

Always listen before starting to dial to make sure that the line is not in use.

Parties on your line and the code numbers to call are shown on the code card which has been furnished you.

To call another party on your line, dial the code number and then replace your receiver on its holder. Your telephone will then ring. When ringing stops, remove the receiver and begin the conversation. If there is no answer after a reasonable time—at least one minute, or 10 rings—stop the ringing by lifting the receiver for a short period.

Notes:

1) Audrey comes to the rescue again. While I am out of town, the August 9 meeting will feature Audrey describing Greenville of the 1980s as seen through the lens of the Greenville Local, the weekly paper that served the Greenville area for 100+ years. (A quarter century ago, I never thought I would have to explain what the Greenville Local was!) Audrey has contributed dozens of scans from the paper to the Facebook page she moderates: Greenville Local History Group. I would encourage you to look at, or join, that page if you use Facebook. I am hoping you will come out to view a worthy program as well as support Audrey.

2) This newsletter exceeds the usual six pages this month. I could not think of a good way of condensing.

3) Wanted: a photo. In a conversation with Garth Bryant, the topic of the mill that stood near the Greenville Pond, possibly as late as the 1880s was raised. I have never seen a photo. Anyone have one? Or can lead me to one?
